

Key Stage 1 Art

Week beginning Monday 1st February 2021

Bridget Riley
Line and Optical Illusions

Inspired by lines, this week we have chosen Op Art artist, Bridget Riley. Op artists use colour, shape and pattern (especially lines) to create optical illusions. You can find out more about Bridget Riley on the Tate website, [click here to read more about her.](#)

For this Art session you will need a piece A4 plain paper, a pencil, colouring pens and access to 'youtube' to play the video that has been put together.

This lesson focuses on the movement of lines – using straight and curved lines to create an optical illusion. Enjoy this video created by 5 Minute Fun.

We would love to see your Optical Illusions so please do send us a photo 😊
