

Key Stage 1 Art

Week beginning Monday 22<sup>nd</sup> February 2021

### **Bridget Riley** **Line and Optical Illusions**

Continuing with our Op Art artist, Bridget Riley, we have another fun line project to start. This session is designed to be completed over 2 sessions, so at the end of this session your work will not be complete.

- For this Art session you will need a piece A4 plain paper and a pencil.

1. Make sure your paper is landscape. Start by drawing a curved line across the page.

2. Add 8 dots across the line. They should be different lengths apart.

3. Start connecting the dots with bumps. The lines from the dots close to the edge will bump off the page.

4. Connect the dots from underneath the line with bumps. Keep going until the lines go off the top and bottom of the paper. Fill the whole page.

If you have not yet had the chance to find out more about Bridget Riley, you can find out more about her on the Tate website, [click here to read more about her.](#)
