

Key Stage 2 Art

Week beginning Monday 11<sup>th</sup> January 2021

### **Welcome to a lesson created by Access Art**

For this Art session you will need a piece plain paper, a pen, small objects to draw from around the house or outside and access to the internet to play the video.

This lesson has been chosen because it has been designed to encourage you to slow down and focus on what you are drawing; looking at the intricate details of the objects. This unique technique of using only one continuous line to draw (not allowing your pen to stop or to come away from the paper) will help you to coordinate your drawing with what you are seeing. It can be tricky at first but keep practicing and I have no doubt that you will keep getting better and better.

We would love to see your Continuous Line Drawings, so please do send us a photo to [gpurver@st-eansywthes.kent.sch.uk](mailto:gpurver@st-eansywthes.kent.sch.uk) ☺
