

Key Stage 2 Art
Week beginning Monday 18th January 2021

Meet Emily from The Primary Art Class.

She has made a lovely video for us to use to explore Still Life Observational Drawing. This builds on from our previous session where we focused on slowing down and looking at the intricate details of the objects we were drawing with our Continuous Line technique.

For this Art session you will need a few pieces of A4 plain paper, a pencil, 4-5 objects from around your house in various sizes and access to 'youtube' to play the video that has been put together.

This video starts off with a few fun drawing activities to get you warmed up. I tried them and they were fun but tricky! It really warmed up my brain, drawing skills and observational skills. Have fun!

We would love to see your Still Life Observational Drawings so please do send us a photo 😊
